Per your voicemail. Here's the basic reqts.

Process wise – we're already engaging our HQ to be sure the analysis is on track

Unfortunately I can't meet today before 3:15

Gotta run to a meeting (I'm in Prairie rose with Valois)

I would like to get together for 30 minutes to talk about the scope of what I need to address for climate change in the cumulative effects analysis at Dewey-Burdock. I hope to keep the meeting to 30 minutes, but have the room for an hour in case some of you can stay for further discussion.
